a CTLS, Inc. Conference

the mobile library

Friday, December 11, 2009, 9am-3:30pm

Georgetown Public Library, 402 West 8th Street, Georgetown, TX

Register online at www.ctls.net

CTLS Members \$15

Non-members \$25

Come one, come all to CTLS's 2nd Technology Conference, where you'll have a chance to learn, play, and explore! Our keynote speakers, Rachel Vacek from University of Houston Libraries, Joseph Murphy from Yale University Science Libraries, and Sarah Houghton-Jan from San Mateo County Library will talk about the landscape of mobile devices and what this means for library services. There will be breakout sessions throughout the day for techies and non-techies alike, complete with a gadget petting zoo! We will also kick off the *23 Things Program* for our CTLS member libraries, an online program that lets library staff explore 2.0 technologies and receive prizes upon completion. *5 and a half hours CE credit.*
